

THAMARA GERIG

• FRONT - END DEVELOPER •

ABOUT ME

After studying two years of Fine Arts, one year abroad, and living in three cities, I realized building user-friendly and easy-to-use websites was my true passion.

Also, I seek to learn from new technologies and actively participate in the community. I always like to provide dynamism, perseverance, and optimism!

EDUCATION

2019 • The World Wide Web Consortium (W3C)
Front-End Web Development | 200hrs

2019 • Duke University
Programming Foundations with JavaScript,
HTML and CSS | 60hrs
